Please see advisors for information or assistance in discussing the transferring of study abroad credits to your Major or Minor.

Please Note: Since many Education majors are “tracked” or “lock-step” once you declare, students interested in study abroad may consider going abroad during their Sophomore year, to complete GURS or a combination of coursework so as not to be limited to summer only options after declaring.

Students must meet with an Advisor to complete the [EdAbroad Departmental Academic Advising Form](#).
