College of Business & Economics

The following programs offer significant coursework and immersion opportunities for Business and AACSB Accredited Programs. This is meant to highlight a variety of programs by region; please note there are many more available beyond what is listed here and this is not a guaranteed list for credit transfer. Students will still need to meet with their departments to discuss fulfilling degree requirements.

**Please note:** The International Business program expects that the program be of sufficient length to provide a meaningful experience abroad. If the program you select is less than six weeks in length, you will need to either combine it with a second program (e.g. a one month academic program plus another short internship with international content) or combine the short period of study abroad with a year of language study at WWU to satisfy the international experience requirement in the IBUS program.
