Please read the specific departmental guidelines for study abroad:
- International Business
- Economics
- Other Business Majors/Concentrations
**Please note: The International Business program expects that the program be of sufficient length to provide a meaningful experience abroad. If the program you select is less than six weeks in length, you will need to either combine it with a second program (e.g. a one month academic program plus another short internship with international content) or combine the short period of study abroad with a year of language study at WWU to satisfy the international experience requirement in the IBUS program.**
