### [Education Abroad](#)

Visit the EdAbroad office for information or assistance in researching your study abroad program.

### [Frequently Asked Questions](#)

After you decide on a program and the courses you will take abroad, you must meet with Departmental Academic Advisors to complete the [EdAbroad Departmental Academic Advising Form](#). The form must be completed before you leave on your study abroad program.

**\* If you are fulfilling GURS abroad, the Registrar's office will automatically review your transcript to see if courses fulfill GURS and update your Degree Evaluation accordingly. You do NOT need to meet with the Registrars' office but please review your Degree Evaluation to consider coursework and what it may fulfill.**

**Review your Degree Evaluation:**  
*Web4U – Student – Student Records – Degree Evaluation – “What if Analysis”* – Follow steps to see what you have completed, and what you still need for your degree plan.

**Tip:** Look to see what you could take here at WWU to fulfill these GUR requirements, then look for similar course listings and descriptions in your program abroad!

## GURs Abroad

The following programs highlight programs offering **100-200 level coursework in the areas of Humanities, Social Sciences, Intercultural Studies, Math & Science, Labs, etc. that could potentially fulfill General Undergraduate Requirements (GURs) abroad.** This is meant to highlight a variety of programs by region; please note there are many more available beyond what is listed here and this is not a guaranteed list for credit transfer. Students will still need to review their Degree Evaluation through their Web4U portal and seek pre-approval through the Degree Evaluation section of the Registrar's office to discuss fulfilling GURS. Please meet with an Education Abroad Advisor to discuss how best to prepare for this process.
